

WILSON SEES LEAGUE PLAN IN RED CROSS

World Organization Inspired By Same Purpose as That Behind Pact, President Says.

WRITES LETTER TO DAVISON

Head of Relief Body Is Congratulated By President for Working Out World Plan.

By The Associated Press.

PAIDIA, May 12.—The league of Red Cross societies of the world, which has been formed to unite relief efforts, is inspired by the same purpose that moved the formation of the league of nations, President Wilson declared in a letter written to H. P. Davison, who worked out the plan for the Red Cross league. The letter, which was made public today, reads:

"My Dear Mr. Davison: "Permit me to congratulate you and your associates representing the Red Cross societies of the United States, Great Britain, France, Italy and Japan, upon the formation of a league of Red Cross societies of the world in active co-operation against the miseries which arise from disease and disaster. I know that the formation of the league marks the achievement of a plan which you have for many months a plan with which I had an instinctive sympathy when you broached it to me upon its inception in your thoughts, not only because it promised a development of Red Cross usefulness, but also because I saw in it a kindred purpose to that which inspired us with the design of the league of nations—a purpose to draw all people into concerted action for the welfare of the world.

"Although the league of Red Cross with the league of nations, it is so obviously conceived in the spirit of the league that we incorporated its purposes in an article of the covenant. I knew that both your committee and the international committee of the Red Cross purpose an organic union as soon as the temper of the world was permissive.

"I wish all speed to that consummation, both for the promotion of Red Cross activity and for the prompt attainment of the time when peace and good will shall be written in men's hearts as plainly as it is now being written in their covenants.

"Cordially and sincerely yours,

"(Signed) WOODROW WILSON."

BODY OF EDITH CAVELL

TO BE REMOVED MAY 13

BRUSSELS, May 11.—(via Montreal)—The removal of the body of Edith Cavell for interment in England will take place on May 13. Edith Cavell was the English nurse who was executed summarily by the Germans in 1915 for aiding prisoners to cross the frontier into Holland. Her body was exhumed at Brussels March 17, and conveyed to the Tirnational.

The body was well preserved and the features were partly recognizable. It is understood an examination revealed that the nurse's death was instantaneous. She was struck by four bullets, two of which entered the right side and two the left, one piercing the heart.

On Tuesday the coffin will be placed on a gun carriage drawn by six black horses and taken to the Gare du Nord. Military honors will be rendered at the Tirnational and at the station. The gun carriage will be escorted by British and Belgian troops. A funeral service to be conducted at the station by the Reverend H. Gahan, the British chaplain who was with Nurse Cavell the night before her execution, the coffin will be entrusted for Ostend, whence a British warship will take it to Dover.

In London a military escort will be provided and the coffin will be taken to Westminster Abbey, where funeral services will be held. Interment will be at Norwich.

GRAMHAM VISITS TULSA AFTER VICTORY DRIVE

N. R. Gramham, special representative of the Exchange National bank and past state director of the Victory Liberty loan forces, relinquished his public duties long enough to visit his family and business here Sunday and part of Monday.

"We will go about \$2,000,000 over the quota for the state," said Gramham in reviewing the recent campaign. "I never doubt the ability of Oklahoma to do her part toward finishing the job but I knew it would be a hard pull. There were fewer workers engaged in this campaign than before but those we had were real workers. That is the reason we finished the job the way we did."

Gramham is practically finished with his duties as state director and expects to be able to return to his business here by the end of the week.
